Cole Morrison

filter gas stations by popularity
Cole Morrison

Startup Process:

start small: begin with gas stations in a small region
Cole Morrison

pay gas stations to use the app initially
Cole Morrison

run ads in the app (without obstructing content)
Cole Morrison

use ad revenue for marketing and bringing on more gas stations
Cole Morrison

once app is big enough, can run without paying gas stations
Cole Morrison

Accounts:

two types of accounts: sellers and consumers
Cole Morrison

verification for sellers: contact us to verify manager identity
Cole Morrison

verification for consumers: form of ID verified by AI
Cole Morrison

accounts caught contributing false information will be terminated
Cole Morrison

Gas Quality:

users track how many miles traveled and how much gas used
Cole Morrison

once input, the app stores this information for the user
Cole Morrison

over time, this data is used to compare stations and rank qualities
Cole Morrison

gas stations start with ranking "n/a" until sufficient data is compiled
Cole Morrison

Gas Prices::

gas stations update their own gas prices in the app
Cole Morrison

consumers can verify the posted gas prices
Cole Morrison
